SAFETY INFORMATION

ABOUT PHOTOSENSITIVE SEIZURES

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games.

These seizures may have a variety of symptoms including: lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

Immediately stop playing and consult a doctor if you experience any of these symptoms. Parents should watch for or ask their children about the above symptoms — children and teenagers are more likely than adults to experience these seizures.

The risk of photosensitive epileptic seizures may be reduced by:

- sitting farther from the television screen,
- using a smaller television screen,
- playing in a well-lit room, and
- not playing when you are drowsy or fatigued.

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

AVOID DAMAGE TO YOUR TELEVISION

Do not use with certain televisions. Some televisions, especially front- or rear-projection types, can be damaged if any video games, including Xbox games, are played on them. Static images presented during the normal course of game play may "burn in" to the screen, causing a permanent shadow of the static image to appear at all times, even when video games are not being played. Similar damage may occur from static images created when placing a video game on hold or pause. Consult your television owner's manual to determine if video games can be safely played on your set. If you are unable to find this information in the owner's manual, contact your television dealer or the manufacturer to determine if video games can be played on your set.

OTHER IMPORTANT HEALTH AND SAFETY INFORMATION

The Xbox video game system documentation contains important safety and health information that you should read and understand before using this software.

Unauthorized copying, reverse engineering, transmission, public performance, rental, pay for play, or circumvention of copy protection is strictly prohibited.

CAPCOM

A Special Message from CAPCOM ENTERTAINMENT

Thank you for selecting GENMA ONIMUSHA™ for your Xbox™ video game system from Microsoft. We at CAPCOM ENTERTAINMENT are proud to bring you this new addition to your video game library.

SETTING UP

USING THE XBOX VIDEO GAME SYSTEM

1. Set up your Xbox video game system by following the instructions in the Xbox Instruction Manual.
2. Press the power button and the status indicator light will light up.
3. Press the eject button and the disc tray will open.
4. Place the GENMA ONIMUSHA™ disc on the disc tray with the label facing up and close the disc tray.
5. Follow on-screen instructions and refer to this manual for more information about playing GENMA ONIMUSHA.

AVOIDING DAMAGE TO DISCS OR THE DISC DRIVE

To avoid damage to discs or the disc drive:

- Insert only Xbox-compatible discs into the disc drive.
- Never use oddly shaped discs, such as star-shaped or heart-shaped discs.
- Do not leave a disc in the Xbox console for extended periods when not in use.
- Do not move the Xbox console while the power is on and a disc is inserted.
- Do not apply labels, stickers, or other foreign objects to discs.

USING THE XBOX CONTROLLER

1. Insert the Xbox Controller into any controller port of the Xbox console.
2. Insert any peripherals (for example, Xbox Memory Units) into controller expansion slots as appropriate.
3. Follow on-screen instructions and refer to this manual for more information about using the Xbox Controller to play GENMA ONIMUSHA.
4. See page 10 for game controls.

DESTINY

EIROKU 3 (AD 1560) SUMMER ...

Yoshimoto Imagawa, a powerful warlord of Suruga, leads an immense army from Suruga toward Kyoto (in those days the capital of Japan). Yoshimoto's ambition is to unify Japan and crown himself its sole king. On the march, the army halts on the plain of Okehazama in Owari to rest for the night. This changes Yoshimoto's — and Japan's — destiny forever.

A troop of only 2,000 soldiers, led by Nobunaga Oda, a warlord of Owari, makes a surprise attack on Yoshimoto's camp. In a desperate battle, Nobunaga's legions defeat the invaders and slay Yoshimoto. (This historical event is known as the Battle of Okehazama.)

Just as Nobunaga is exulting in his victory, an arrow from one of Yoshimoto's soldiers pierces his throat. He falls to the ground in a death struggle.

A young man watches this from a remote hill. His name is Samanosuke Akechi. He is marked by destiny ...

ONE YEAR LATER ...

Strange incidents are occurring in Inabayama Castle in the Mino prefecture. Soldiers and workers are disappearing without a trace. Worried by these inexplicable events, Princess Yuki sends a plea for help to Samanosuke. At once, he races to the castle. But he arrives too late. Yuki has been kidnapped!

At the same time, enemy troops are attacking the castle. Leading the army — risen from certain death and astride a fierce warhorse — is Nobunaga!

It's time for action! Samanosuke vows to rescue Yuki with the help of his partner kunoichi* Kaede and defeat Nobunaga and his army of demon warriors.

*Female ninja

幻魔

THE PLAYERS

SAMANOSUKE AKECHI
(24 years old)

A master swordsman who travels across Japan seeking his rival. Often perceived as a passionless soldier because of his quiet ways, Samanosuke is actually a hot-blooded warrior with a noble sense of justice.

KAEDE

An expert kunoichi (female ninja), Kaede was originally sent by the Iga ninjas to assassinate Samanosuke. Instead, she develops absolute trust in him and joins him as his confidant.

GENMA ONIMUSHA™

YUKI
(19 years old)

Yuki is the sister of Yoshitatsu, the master of Inabayama Castle and Samanosuke's cousin. She becomes aware of strange events in the castle and sends an SOS to Samanosuke. But before he arrives, she is mysteriously kidnapped.

YUMEMARU
(12 years old)

An enigmatic orphan discovered by Samanosuke while looking for Yuki in the castle.

幻魔

NOBUNAGA ODA

An exceptional warlord who aspires to unify Japan. With the victory against Imagawa in Okehazama, he rides a tidal wave of success. Though he was once thought dead, Nobunaga's acts have now become extremely heartless and cruel.

TOUKICHIRO KINOSHITA

Included among Nobunaga's highest ranking generals, Kinoshita has the warlord's complete trust.

Though he has sworn absolute loyalty to Nobunaga, the only thing Kinoshita truly cares about is his own advancement in the ranks of power.

GENMA ONIMUSHA™

STARTING THE GAME

MAIN MENU

Press **START** at the Title screen. The Main Menu will appear. Use the directional pad to select an option and press **A**.

- **NEW GAME** - Start a new game.
- **LOAD GAME** - Resume a previously saved game (see "Saving a Game" on page 20).
- **OPTION** - Adjust various game settings (see page 21). You can also access Option Mode from the Pause Menu by pressing **START**.

CHARACTER CHANGE

As the adventure proceeds, you will play as Kaede on certain occasions. The controls for playing as Kaede are the same as for Samanosuke, except that Kaede does not have the Ogre's Gauntlet. Kaede shares items with Samanosuke; the items she cannot use are dimmed.

BASIC CONTROLS

START	Start game Pause/Resume
Directional pad	Highlight menu selections Move character Run forward/back Rotate/Step right/left (hold R trigger)
L trigger	Block Switch Inventory screen display
R trigger	Ready sword Switch Inventory screen display
○ + ●	Release Ogre Power (see page 15)
●	Turn 180°
Y	Special Attack
B	Cancel menu selection/Exit menu
X	Attack
A	Confirm menu selection Check/Absorb souls (hold)
Right thumbstick	Display Inventory screen (press in)
Left thumbstick	Display map during play (press in)

- The button setup above is A-TYPE. You can choose from A-TYPE, B-TYPE and C-TYPE in Option Mode (see page 21.)
- To return to the Title screen during play, press **START** to pause, highlight QUIT in the Pause Menu, press **A** and select YES. Your game won't be saved when you do this.

ACTIONS

BASIC ATTACK

Attack with a weapon or kick the closest enemy. Depending on how long you hold down **X**, the attack will vary up to level 3 (the sword shows the level increasing). If you're using a sub weapon, the attack doesn't change when you hold **X**.

SPECIAL ATTACK

When an Orb is equipped on the Ogre's Gauntlet and you have the required Magic Power, you can press **Y** to use a Special Attack. A Special Attack requires a certain amount of Magic Power. Power-up a Special Attack to level 3 by enhancing an Orb (see page 19). When an Orb is enhanced, you can use a more powerful Special Attack by holding **Y** longer.

SUB WEAPONS

You can acquire a bow as an item and equip it for use. You need to equip arrows to use a bow. When a bow is equipped, hold down the R trigger and press **X** to shoot. You can adjust the direction and angle with the right thumbstick.

BLOCK

When an enemy grabs your character, immediately press the L trigger plus the directional pad **◀/▶** (away from the enemy) to dodge quickly. Your character cannot block certain enemy attacks.

STATUS SCREEN

EQUIPPED ORB

The Orb currently equipped is displayed. When your character's Magic Power is low, the Orb blinks quickly.

VITALITY GAUGE

The color bar decreases when your character is attacked. When this gauge drains, your game is over.

MAGIC POWER GAUGE

The color bar decreases when you use Special Attacks (see page 11).

SOUL COUNTER

A number is displayed when your character absorbs a soul (see page 14). Numbers in red are points of the soul; numbers in yellow are successive bonus points. Negative numbers in green show that your power is low. In this case, find and absorb more souls as soon as possible.

GREEN SOUL GAUGE

(Around Soul Counter) If you absorb five green souls, you can release Ogre Power, which makes your character invincible for awhile and restores some vitality.

SOULS

When your character defeats an enemy, a soul may appear. There are four colors of souls, each with a different effect:

- **RED SOUL** - Enhances the Ogre's Gauntlet or an Orb.
- **BLUE SOUL** - Increases your character's Magic Power.
- **YELLOW SOUL** - Increases your character's vitality.
- **GREEN SOUL** - When your character absorbs five of these, you can release Ogre Power.

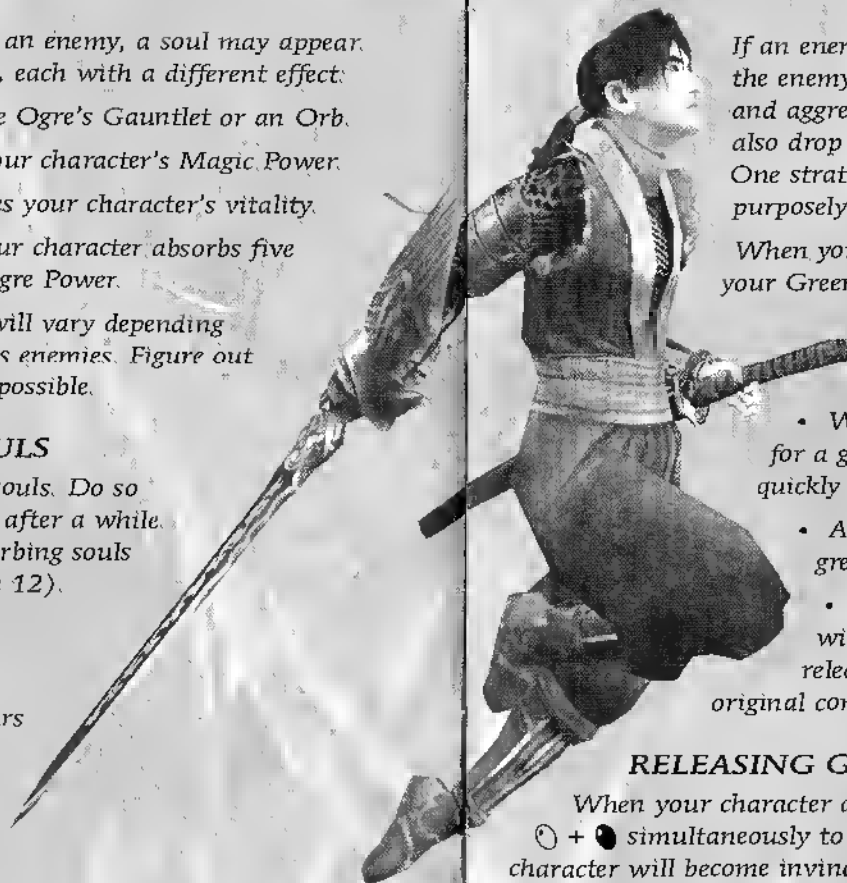

Note: The amount of souls will vary depending on how your character defeats enemies. Figure out how to get as many souls as possible.

HOW TO ABSORB SOULS

Hold down **A** to absorb the souls. Do so quickly, since souls disappear after a while. You can see the result of absorbing souls in the Soul Counter (see page 12).

COMPETING FOR GREEN SOULS

A green soul sometimes appears when your character attacks or is attacked. Green souls are special and enemies can also absorb them.

If an enemy absorbs a green soul, the enemy becomes more powerful and aggressive. However, the enemy will also drop more souls when it is defeated. One strategy is to defeat an enemy after purposely letting it absorb a green soul.

When your character absorbs a green soul, your Green Soul Gauge increases by 1.

When your character absorbs five green souls, you can release Ogre Power.

- When you compete with an enemy for a green soul, you can absorb it more quickly by rapidly pressing **A**.
- An enemy can absorb only one green soul.
- If you hit a powered-up enemy with a level 3 basic attack, it will release a green soul and return to its original condition.

RELEASING GREEN SOULS

When your character absorbs five green souls, press **○ + ●** simultaneously to release Ogre Power. Your character will become invincible for awhile and regain some vitality. If you absorb a green soul while releasing Ogre Power, the Ogre Power will be extended.

幻魔

INVENTORY

Press in the right thumbstick to display your character's Inventory. Press the L and R triggers to toggle between different sections of the Inventory.

Note: When your character cannot use an item, the item is dimmed.

EQUIP

This screen appears first when you display the Inventory. It shows the weapons and armor you have acquired. Use the directional pad to highlight an item and press **A** to use/equip it.

ITEM

Press the L or R trigger in the Inventory to display the Item screen. Use the directional pad to highlight an item and press **A** to use/equip it.

GENMA ONIMUSHA™

FILE

Press the L and R triggers in the Inventory to display the File screen to view the files you have acquired. Highlight a file and press **A** to read it. While reading a file, scroll the text with the directional pad.

MAP

Press the L and R triggers in the Inventory to display the Map screen to view the maps you have acquired. Highlight a map and press **A** to see its details.

Note: You can also check your current location by pressing in the left thumbstick during gameplay.

RETURN TO GAMEPLAY

To return to the gameplay screen, press **B** or highlight EXIT in the Inventory and press **A**.

妖魔

ITEMS

HERB

Restores your character's vitality by a small amount.

MEDICINE

Restores your character's vitality by a large amount.

OGRE'S GAUNTLET

Entrusted to Samanosuke by the Ogre tribe, this glove contains the power to defeat demons and seal their souls.

ORBS

Each Orb has a different attribute. When an Orb is equipped on the Ogre's Gauntlet, your character can use Special Attacks.

- **THUNDER ORB** - With this Orb equipped, Samanosuke can perform Special Attacks using the power of thunder.
- **POWER JEWEL** - Samanosuke's vitality increases.
- **MAGIC JEWEL** - Samanosuke's Magic Power increases.

Many other orbs and items appear as you advance in the adventure. It's to your advantage to find them and figure out how to use them.

GENMA ONIMUSHA™

ENHANCING ITEMS & ORBS

Check one of the Magic Mirrors located in various places throughout the game. Select **ENHANCE** to display the Enhance screen. Here you can enhance such items as Orbs (for weapons and Special Attacks) and herbs by distributing the power of red souls stored in the Ogre's Gauntlet.

1. Choose an item to enhance.
2. Press **A** to distribute souls. The longer you hold down **A**, the more souls you can distribute.
3. Release **A** to end.

GAME OVER

Your game is over when your character's vitality drains to zero by enemy attacks, or your character is caught in a critical trap. After your character is defeated and your game is over, the Title screen will appear. If you want to continue the game, choose **CONTINUE** and play on from the point where you last saved your game (see below).

SAVING A GAME

To save your game, find Magic Mirrors located in various places in the game. Walk up to a Magic Mirror and check it (press **A**). You will be given the opportunity to save.

- Do not turn off your Xbox or press the eject button or remove the Xbox Memory Unit or Xbox Controller while saving or loading. Doing so may destroy saved files.
- This game requires 8 blocks of free space in order to save a game.

Note: On the save screen, a broken Xbox Memory Unit is shown in red and a full Xbox Memory Unit is shown in yellow. If you try to choose either image, a warning message appears.

OPTION MODE

To display the Option screen, select **OPTION** from the Main Menu or the Pause Menu. Press the directional pad **▲/▼** to select an option; press **◀/▶** to change the setting or press **A** to see a submenu.

- **LANGUAGE** – Choose **ENGLISH** or **JAPANESE**.
(Available only from the Main Menu Option Mode.)
- **SUBTITLE** – Choose **ENGLISH** or **JAPANESE**.
(Available only from the Main Menu Option Mode.)
- **SUBTITLE DISPLAY** – Turn subtitles **ON/OFF**.
(Available only from the Main Menu Option Mode.)
- **VOICE VOLUME** – Adjust volume for character voices.
- **BGM VOLUME** – Adjust volume for background music.
- **SE VOLUME** – Adjust volume for sound effects.
- **VIBRATION** – Turn the Xbox Controller vibration **ON/OFF**.
- **BRIGHTNESS** – Adjust the brightness of your monitor. The ideal brightness for this game is set when the color bars beneath the red line are invisible. Your monitor must have a brightness adjustment feature to use this option.
- **SCREEN ADJUST** – Adjust the monitor position.
- **CONTROLS** – See the controller's button assignments. You can choose from **A-TYPE**, **B-TYPE** and **C-TYPE**.
- **BACK** – Return to the Title screen (or gameplay).
- **DEFAULT** – Restore the default settings.

Unlike Any Videogame Soundtrack Ever Produced.

Time Magazine Says...

"Just listen to the score for Capcom's Onimusha....
the result is both haunting and inspirational,
of majestic scores for films like Lawrence of Arabia."

90-DAY LIMITED WARRANTY

CAPCOM ENTERTAINMENT, INC. ("CAPCOM") warrants to the original consumer that this Xbox DVD-ROM ("DVD-ROM") from CAPCOM shall be free from defects in material and workmanship for a period of 90 days from date of purchase. If a defect covered by this warranty occurs during this 90-day warranty period, CAPCOM will replace the DVD-ROM free of charge.

To receive this warranty service:

1. Notify the CAPCOM Consumer Service Department of the problem requiring warranty service by calling (408) 774-0400. Our Consumer Service Department is in operation from 9:30 a.m. to 5:00 p.m. Pacific Time, Monday through Friday.
2. If the CAPCOM service technician is unable to solve the problem by phone, he/she will instruct you to return the entire DVD-ROM to CAPCOM freight prepaid at your own risk of damage or delivery. We recommend sending your DVD-ROM notified mail. Please include your sales slip or similar proof-of-purchase within the 90-day warranty period to:

CAPCOM
Consumer Service Department
475 Oakmead Parkway
Sunnyvale, CA 94085

This warranty shall not apply if the DVD-ROM has been damaged by negligence, accident, unreasonable use, modification, tampering or by other causes unrelated to the defective materials or workmanship.

REPAIRS AFTER EXPIRATION OF WARRANTY

If the DVD-ROM develops a problem after the 90-day warranty period, you may contact the CAPCOM Consumer Service Department at the phone number noted previously. If the CAPCOM service technician is unable to solve the problem by phone, he/she may instruct you to return the defective DVD-ROM to CAPCOM freight prepaid at your own risk of damage or delivery, enclosing a check or money for \$20.00 (U.S. funds only) payable to CAPCOM. We recommend sending your DVD-ROM notified mail. CAPCOM will replace the DVD-ROM, subject to the conditions above. If replacement DVD-ROMs are not available, the defective product will be returned to you and the \$20.00 payment refunded.

WARRANTY LIMITATIONS

ANY APPLICABLE IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY LIMITED TO NINETY (90) DAYS FROM THE DATE OF PURCHASE AND ARE SUBJECT TO THE CONDITIONS SET FORTH HEREIN. IN NO EVENT SHALL CAPCOM BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES RESULTING FROM THE BREACH OF ANY EXPRESS OR IMPLIED WARRANTIES.

The provisions of this warranty are valid in the United States and Canada only. Some states and provinces do not allow limitations on how long an implied warranty lasts or exclusions of consequential or incidental damages, so the above limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you may have other rights, which vary, from state to state or province to province.
